HUNTINGDALE

YEAR 2 ACHIEVEMENT STANDARD

By the end of Year 2, students describe changes to objects, materials and living things. They identify that certain materials and resources have different uses and describe examples of where science is used in people’s daily lives.

Students pose questions about their experiences and predict outcomes of investigations. They use informal measurements to make and compare observations. They follow instructions to record and represent their observations and communicate their ideas to others.

Content Descriptors

**SCIENCE UNDERSTANDING**

**SCIENCE AS A HUMAN ENDEAVOUR**

**SCIENCE INQUIRY SKILLS**

**Use and the Influence of Science**

**Planning and Conducting**

**Processing and Analysing Data and Information**

**Evaluating**

**Communicating**
